

durable high performance labels  
for electronic, automotive, industrial, medical applications

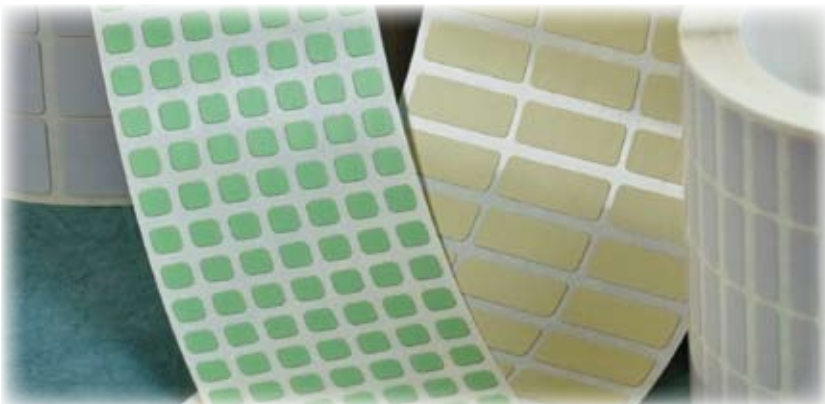

# TTL™ 100 Series

## Circuit Board & Electronic Component Labels

Engineered for use on printed circuit boards (PCBs) and electronic components, the TTL™ 100 Series labels endure harsh environments such as high heat, aggressive fluxes, and caustic cleaners commonly used in the manufacturing process. Materials are intended for top-side, bottom-side, or after process identification.

To achieve optimal print quality and UL recognition, IDENTCO's circuit board and electronic component labels have been thoroughly tested and qualified to match a TTRR™ Series Ribbon. The superior chemical bond between the label and the ribbon provides permanent component identification.

\*UL / CSA recognitions are contingent upon printing with the appropriate TTRR™ ribbon and IDENTCO material combination specified testing by Underwriters Laboratories and/or CSA.

### Highlights

- Endures Harsh Manufacturing Environments
- Renders Lifelong Identification

### Features

- Thermal Transfer Printable
- Top-side, Bottom-side, or After Process Identification

### Quality Endorsements

-  UL/CSA Recognized Label and Ribbon Combinations\*
- RoHS Compliant
- ISO Certified

### Available to Ship Today!

In Stock Materials Include:

- TT700** - White Polyester
- TT403** - White Polyimide
- TT411** - Tan Polyimide
- TT423** - Low Profile Polyimide
- TT451** - Anti-Static Polyimide

# TTRR™ Ribbons

## Thermal Transfer Resin Ribbons

The TTRR™ Series Ribbon passes rigorous quality testing to meet the performance requirements of the TTL™ 100 Series labels. The critical bond between the ribbon and the material topcoat ensures lasting legend permanence.

IDENTCO offers a complete line of thermal transfer ribbons for various label applications.

\*UL / CSA recognitions are contingent upon printing with the appropriate TTRR™ ribbon and IDENTCO material combination specified testing by Underwriters Laboratories and/or CSA.

### Highlights

- Abrasion & Solvent Resistant
- Legend Permanence
- Compatible with Standard Thermal Transfer Printers

### Features

- High Performance Resin
- Coated-Side In / Side Out

### Quality Endorsements

-  UL/CSA Recognized Label and Ribbon Combinations\*
- RoHS Compliant
- ISO Certified
